Email Hack Update

As you may know, our AT&T email account was hacked on August 23rd. We have now recovered the account, but we will continue to use this email as our primary email until further notice. Our website was also hacked. Once recovered, we found that a few spam messages were sent from there in reply to inquiries from members/residents via our web contact form.

We strongly recommend [updating your passwords](#) if you replied to any of these spam messages. If you are ever unsure of whether a communication you've received from us is legitimate, don't hesitate to call the office for confirmation: (707) 279-0829.

Here are some additional web security resources vetted by our IT support:

Free (IT uses all these tandem):

<https://ironvest.com/pricing/>
<https://www.optery.com/pricing/>
<https://www.ghostery.com/>

Paid:
