CLAUSE XXII

NOTICE ASSESSMENTS AND FORECLOSURE

This notice outlines some of the rights and responsibilities of owners of property in common interest developments and the associations that manage them. Refer to the sections of the Civil Code indicated for further information. A portion of the information in this notice applies only to liens recorded on or after January 1, 2003. You may wish to consult a lawyer if you dispute an assessment.

ASSESSMENTS AND NONJUDICIAL FORECLOSURE

The failure to pay Association assessments may result in the loss of an owner's property without court action, often referred to as non-judicial foreclosure. When using non-judicial foreclosure, the Association records a lien on the owner's property. The owner's property may be sold to satisfy the lien if the lien is not paid. Assessments become delinquent 15 days after due, unless the governing documents of the Association provide for a longer time. (Sections 1366 and 1367.1 of the Civil Code).

In a non-judicial foreclosure, the Association may recover assessments, reasonable costs of collection, reasonable attorney's fees, late charges, and interest. The Association may not use non-judicial foreclosure to collect fines or penalties, except for costs to repair common areas damaged by a member or a member's guests, if the governing documents provide for this. (Section 1366 and 1367.1 of the Civil Code).

The Association must comply with the requirements of Section 1367.1 of the Civil Code when collecting delinquent assessments. If the Association fails to follow these requirements, it may not record a lien on the owner's property until it has satisfied those requirements. Any additional costs that result from satisfying the requirements are the responsibility of the Association. (Section 1367.1 of the Civil Code).

At least 30 days prior to recording a lien on an owner's separate interest, the Association must provide the owner of record with certain documents by certified mail. Among these documents, the Association must send a description of its collection and lien enforcement procedures and the method of calculating the amount. It must also provide an itemized statement of the charges owed by the owner. An owner has a right to review the Association's records to verify the debt. (Section 1367.1 of the Civil Code).

If a lien is recorded against an owner's property in error, the person who recorded the lien is required to record a lien release within 21 days and to provide the owner with certain documents in this regard. (Section 1367.1 of the Civil Code).

State and federal laws regarding fair debt collection may govern the collection practices of the Association. Penalties can be imposed for debt collection practices that violate these laws.

PAYMENTS

A receipt may be requested at the time of payment, and the Association is required to provide it. The Association must indicate on the receipt the date of payment and the person who received the payment. The Association must inform owners of a mailing address for overnight payments. (Section 1366.3 and 1367.1 of the Civil Code).

An owner may dispute an assessment debt by giving the Board of Directors of the Buckingham Homes Association, Ltd. a written explanation, and the Board of Directors must respond within 15 days if certain conditions are met. An owner may pay assessments that are in dispute in full

under protest, and then request alternative dispute resolution. (Section 1366.3 and 1367.1 of the Civil Code).

An owner is not liable for charges, interest, and costs of collections if it is established that the assessment was paid properly on time. (Section 1367.1 of the Civil Code).

MEETINGS AND PAYMENT PLANS
